CAROL FRANC BUCK BREAST CARE CENTER

This map is intended as a source of information and educational resource to assist you in the dialogue with your physician. This information does not replace the expertise and clinical judgment of your physician. Each patient’s situation must be evaluated individually by a medical team. It is important to be aware that your individual path may differ from that presented on our website. It is important to discuss all information regarding your breast health and treatment options/decisions with your physician.

I have an abnormal lump

Breast Lump
(that can be felt)

Biopsy
