What is MyChart?
UCSF MyChart displays certain information from medical records, but does not display all health information. To secure all health information, contact Health Information Management 415-476-9000.

UCSF MyChart patient medical records can be accessed at https://www.ucsfhealth.org/mychart or by downloading the UCSF MyChart app onto your phone or other electronic device.

Designating a Proxy
If you have difficulty using MyChart, you can allow a trusted friend or family member to log into your MyChart account to view your health information and communicate with your doctors. This process is called “designating a proxy”. To designate a proxy, read and fill out the information below.

UCSF MyChart allows you (or your proxy) to:
• View your health information and test results
• Communicate with your health care team
• View your upcoming appointments
• Refill medications
• Schedule some appointments
• Review and pay bills
• Fill out forms and questionnaires prior to your appointment so that they can be reviewed by your provider before you are seen. (If it is difficult for you to fill out the forms in English, you can arrive early to your appointment and request to have a Medical Interpreter meet with you to help you fill out the forms for your upcoming appointment.)

AGREEMENT
The UCSF Medical Center (UCSFMC) Terms and Conditions for UCSF MyChart, and the UCSF MyChart Proxy/Disclaimer for access to My Record in the UCSF MyChart section control this agreement between the patient’s designated proxy and UCSF Medical Center. Please refer to these documents when you sign up online.

NOTICE
UCSF and many other organizations and individuals such as physicians, hospitals and health plans are required by law to keep your health information confidential. If you have authorized the disclosure of your health information to someone who is not legally required to keep it confidential, it may no longer be protected by state or federal confidentiality laws.
YOUR RIGHTS AND RESPONSIBILITIES
This Authorization to release health information is voluntary. Treatment, payment, enrollment or eligibility for benefits may not be conditioned on signing this Authorization. You may be required to renew this authorization form periodically. You may revoke proxy access at any time. For revocation, please contact the patient’s practice. The revocation will take effect within 2 business days upon notification of your request.

REVOCATION/EXPIRATION OF AUTHORIZATION
Unless revoked, authorization for UCSF MyChart proxy access will not expire unless the relationship between the designated proxy and the patient changes.

This authorization for use or disclosure of my health information via MyChart is required by state and federal law. Please complete all fields and print legibly to ensure timely processing.

Thank you for signing the UCSF MyChart Proxy Authorization form. This is the first step in allowing you to view some of your adult charge’s health information online through UCSF MyChart patient portal.

UCSF MyChart patient portal is offered to you free of charge as an online resource for routine health care needs. UCSF MyChart can help you:

- Message a provider
- Refill a current medication
- Check certain lab results and graph trends
- View some electronic health information
- Request an appointment or a referral on behalf of the patient with disabilities
- View past visit information for some services and upcoming appointments

Once you request to be linked to the patient’s account, you will hear from us within a week – either by UCSF MyChart message or through the mail. If you have any questions in the meantime, please call the patient’s practice or UCSF MyChart Customer Service at 415-514-6000, 7 days a week, 24 hours a day.

This is what you will see when you are successfully linked to the UCSF MyChart account:

We look forward to continuing to provide you with your family’s health care needs.
